legal-supporting doc - rtc matrix -chapter 4 101816.docx

Hi Mark,

DC is going well. Thank you for asking. Steve Sweeney and Dave Redford are with me. Email or call if you need anything.

1) CZMA

As discussed last week I have pulled together some supporting information for your CZMA response. I will send it tonight. I forgot the last name of your fellow, but I had planned to send it to her as well.. just to have in case you need a quick reference.

2)RTC:

I have attached information from the RTC Matrix, that is the original table that we pulled together to respond to comments. I have converted from excel to word for you.

This includes Bergen comments and responses as well as MPurnell.

For each comment that you have identified, I have highlighted them in yellow in the attached document and also include the page number.

Ex. 5 - Deliberative Process

(I have also included the actual language from the DSEIS in chapter 4 so you can see what we have written).

Subject: question

Hi Jeannie –

I hope D.C. is going well. A question:

Ex. 5 - Deliberative Process/ Attorney-Client/ Attorney Work Product

Does it matter? Yes I think it does matter.
